• Comments:

Dear David,

Before I forget I just wanted to re-emphasise how important it is that we get the clothes to fit the dolls easily - by narrowing the hips (and we were going to thicken the arms a little), widening the clothes, putting slits in etc., etc. We need to get them to slip on and off faster than you can say 'Demi Moore'!

As discussed, if you could write down all the technical questions you need answered (material thickness, hardness etc.) together with drawings and examples, I will get the answers you need.

Yours,

Casey

• **Comments:**

Dear David,

Thanks for your fax and comments. I am doing the following:

- 1) Gamlin is sending you the spec and colour breakdown today, sorry they were left out.
- 2) I will review the colours with you and TN on Thursday and we will make any changes we agree on.
- 3) You did not receive the doll head that we liked more when we met on the 17th. Let's look at that on Thursday and make further changes as necessary. I hope we will be able to get better decoration once in HK.
- 4) The clothes are critical. I agree they must be easy to put on and take off. Gamlin has difficulty with the materials he is working with (they get harder after a day or two), this is an area we're going to need help and experimentation on the engineering.
- 5) We'll review the sprays on Thursday, I'd like to lose 10 (if we can).
- 6) I don't think we can do anything about the bed (I will put instruction on the pack) and Annie will have to duck when she goes through the door (we have had to cheat on the scale as you know).

I enclose the Status Report for this week (next one due 4/4). Also, your accountant should have let you know that I agreed to do the share transfer the way he wanted to so that we can put that behind us.

See you on Thursday (9am) at the same place ;

Casey

Anni 's World

Product Descripti ns:

1. Doll Packs

a. Party Annie

Annie in party dress. Balloons, outfit, hat, gift, surprise

b. Free-Wheelin' Annie

Annie in bicycling clothes. Bicycle, helmet, bag, gift, surprise
